## GOALS

- Advancement of my architecture studies beginning with a master's program and then move onto RIBA Part III, leading to work as a licensed architect that aims to specialize in sustainable design
- Preparing for the start of the master's course after my relevant work experience and my personal reading and self-developmen
- Apply what I've learned (more active participation in the design, bringing a high standard of quality to my drawings and renders, and my improved knowledge on construction and structure) to my own design projects

---

## ADDITIONAL SKILLS

### TECHNICAL SKILLS

AutoCAD – Participating in Expert Level classes along with daily use to a professional degree  
Revit – Involvement in Expert Level classes along with frequent use to a professional degree  
Excel – Intermediate classes and regular use to develop BOQ's (Bill of Quantity) and budgeting  
Frequent and proficient use of Photoshop, V-Ray, Bixel Manager, InDesign, Microsoft Office 365, Adobe Acrobat, 3D Max and Rhino

### PERSONAL SKILLS

- High attention to detail and quick learner
- Active team member and leader during collaborative efforts
- Multi-Lingual and from a multi-cultural background
- Patient and enthusiastic worker

### LANGUAGES

English (Native), Spanish (Native), Catalan (Native), French (Intermediate)

---

## EXTRA CURRICULAR ACTIVITIES

- Regular exercise schedule consisting of working out, team sports, long and short distance running, skiing, and mountain biking
- Engaging interest in reading about architecture and psychology, recently finishing Vitruvius's 10 Books of Architecture, The Philosophy of Design and Tom Kundig's series on architectural photography
